VA DIRECTIVES OVERVIEW: THE REGULATIONS

38 CFR: The Regulations

The citations in Part 3 of 38 CFR (Code of Federal Regulations) follow a logical numerical sequence from 38 CFR 3.1 through 38 CFR 3.2600. All you need to do is subtract the "3." from the citation and you will see that they are numbered from "1" through "2600".

If you are looking for 38 CFR 3.203, you are seeking the two hundred and third regulation in Part 3. 38 CFR 3.203 would then be found after 38 CFR 3.57 (the fifty seventh regulation) but before 38 CFR 3.557 (the five hundred and fifty seventh regulation).
The Manual

M21-1 is the *procedural guide of adjudication*.

**Part I** is the historical perspective of our operations. In 1992, M21-1 was converted from a manual and three appendixes to a seven part manual with three appendixes. As each succeeding part was published, the older portions were rescinded. All Appendixes belong to Part I. The changes for Part I, Appendix A, B & C and the consolidated index for all seven parts are updated as changes to Part I.

*Appendix A* is the code book for ratings.

*Appendix B* is the book of rate tables, both current and historical.

*Appendix C* is the code book for adjudication processing.

**Part II** is *Clerical Procedures*. This is the guide to initialize and track both claims and folders.

**Part III** is *Clerical and Authorization Procedures*. This part, often referred to as the Development Guide, helps you to identify and secure claims and evidence. It also has instructions for processing speciality certificates, eligibility statements and burial/plot-internment allowances.

**Part IV** is *Authorization Procedures*. This part tells you how to work authorization cases.

**Part V** is *Computer Procedures*. This part is the guide to doing case work in the computer.

**Part VI** is *Rating Procedures*. This part guides the rating board and you in its functions.

**Part VII** is *Direct Services Activities*. This part deals with Public Contact activities.

**M21-1 MR** is the *Manual Rewrite*. The M21-1 manual is being rewritten. As each section or part is rewritten and pronounced ready for release the sections or parts listed above will be rescinded. This is a work in progress and some sections have already been replaced. Sections already replaced include:

- Part I Chapter 1: Duty to Assist
- Part I Chapter 2: Due Process
- Part I Chapter 3: Power of Attorney
- Part I Chapter 4: Hearings
- Part III Chapter 1: Claims Processing Improvement
- Part V: Pension and Parents’ DIC
- Part VII: Burial Benefits
- Part VIII: Accrued Benefits
**M21-1MR – BACKGROUND INFORMATION**

Compensation and Pension Service continues to rewrite and reorganize the M21-1 procedural manuals in Information Mapping® style. Information Mapping® is a method of presenting information clearly and concisely. Additionally, Information Mapping® allows electronic users to quickly access the most current information. The Information Mapped M21-1MR chapters that have already been issued are:

**STRUCTURE OF THE M21-1MR**

The Information Mapped M21-1MR has a different structure from M21-1. In addition, each structure has a new numbering convention. The table at the top of the following page shows the new structure and numbering convention for the M21-1MR.

<table>
<thead>
<tr>
<th>Structure</th>
<th>Numbering Convention</th>
<th>Example 1</th>
<th>Example 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Part</td>
<td>Uppercase Roman numeral</td>
<td>Part 1 - Claimants Rights and Responsibilities</td>
<td>Part V - Pension and Parents’ DIC Benefits</td>
</tr>
<tr>
<td>Subpart</td>
<td>Lowercase Roman numeral</td>
<td>Chapter 1. Duty to Assist</td>
<td>Subpart iv - Pension Maintenance Centers</td>
</tr>
<tr>
<td>Chapter</td>

<td>Chapter 1. Duty to Assist</td>
<td>Chapter 2. Pension Maintenance Center (PMC) Procedures</td>
</tr>
<tr>

<td>1. Jurisdiction of Cases</td>
</tr>
<tr>
<td>Block</td>
<td>Lowercase letter</td>
<td>d. Duty to Obtain Examinations or Medical Opinion</td>
<td>a. Type of Work Performed by the PMCs</td>
</tr>
</tbody>
</table>

Each specific block of content within the M21-1MR can be referenced by stringing together the numbering conventions. Example 1 above Duty to Obtain Examination or Medical Opinion, is I.1.A.2.d for part I, chapter 1, section A, topic 2, block d. The reference for example 2 Type of Work Performed by the PMCs is V.iv.2.1.a for part V, subpart iv, chapter 2, topic 1, block a.
Fast Letters and VBA Circulars

Fast Letters are the system in which adjustments to current procedures are issued. They introduce new laws before they become regulations. They adjust guidance from the manual with pending changes. Often they are the only procedural guide for a law that is temporary, i.e. limited to a two year application. They also co-ordinate action between divisions in a regional office.

NOTE: Fast Letters replaced VBA Circulars beginning in 1995 and serve the same basic purpose. There are still some circulars that have not been rescinded which are available on the C&P homepage under Publications. The last issuance of circulars was in 1998.

Fast Letters are numbered as follows: YY - ##

The first number is the calendar year in which the fast letter was issued and the second number is the number of the fast letter. So Fast Letter 00-92 is the ninety-second fast letter of 2000.

VBA Circulars are numbered as follows: 20 - YY - ##

The first number represents to whom the circular is addressed.

20 – Applies to more than one element at a time
21 -- C&P issues 26 -- Loan Guaranty
22 -- Education issues 27 -- Veterans Services
23 -- Administration 28 -- Vocational Rehabilitation
24 -- Finance 29 – Insurance
25 -- Personnel

The second number is the calendar year in which the circular was issued and the third number is the number of the circular. So VBA Circular 21-88-2 is the second circular of 1988 for C&P issues and VBA 20-90-15 is the fifteenth circular of 1990 for more than one element.

VBA Circulars remain active until rescinded. They can be self rescinding, they can rescind each other, or they can be rescinded by a manual change.
